DETAILED ACTION

Allowable Subject Matter

Claims 1-6, 8, 10-14, and 16-18 are allowed.

While the prior art teaches preexposure during manufacturing and subsequent exposure, it does not teach that the partially preexposed film is in a sealed package of film outside the camera.

Conclusion

This application is in condition for allowance except for the following formal matters:

It is unclear if the drawings filed May 17, 1999 along with applicant's Appeal Brief are formal drawings intended for the current application or not. If they are, they are objected to as missing part numbers described in the specification (i.e. 1d of figure 2). If they are not the drawings meant to be published in the application then drawings are now required.

The specification is objected to as it is missing a brief description of the drawings.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
